From: The GAEMS Board of Directors

The Georgia Association of EMS is proud to announce the appointment of Ms. Kim Littleton as the new Executive Director for the Association.

The Board has, over the last several months, conducted a national search for the best person to help lead our professional association. We were extremely pleased with the quality of the applicants. Based on Kim's background and variety of work experiences the interview committee felt that she would be the best fit for our Association.

In the past Kim has:

- Served as a senior Government Affairs Consultant where she worked with various State agencies and members of the Legislature and assisted in the management of two associations
- Served as the Executive Director of the State Transportation Board of Georgia
- Served as the Executive Director of the Georgia Agrirama Development Authority
- Served as the Director of Human Resources and Public Relations at Phoebe Worth Medical Center
- Served as Director of Health Care for Stafford Development Company where she managed the overall health benefits and workman's compensation program.
- Worked as a Paramedic for both a private and a 911 EMS agency.

I hope you will all welcome Kim in her role as Executive Director. Today is her first day with the Association and she will be working to set up a phone contact number so you can call her directly. When this has been done we will make that information available to all the membership. At this time you can contact her through her email account which is [kimberly0630@gmail.com](mailto:kimberly0630@gmail.com).

Thanks for your continued support of the Georgia Association of EMS.
